2018 TAX REFORM SERIES

EFFECTIVE STRATEGIES TO TAKE ADVANTAGE OF THE NEW TAX LAWS

Part II. Tax Reform and the Impact on U.S. Manufacturers and Exporters

The Tax Cuts and Jobs Act of 2017 creates planning opportunities for U.S. manufacturers and exporters.

Please join us as we review the new federal tax reform package and address specific planning opportunities. Topics will include:

- Tax reform's impact on business structures for manufacturers and exporters
  - The quasi-territorial tax regime shift for exporters and US companies doing business overseas
- The use of the interest-charge domestic international sales corporations (IC-DISCs) and its planning opportunities for exporters
  - Use of Roth IRAs, with a discussion of *Summa Holdings, Inc. v. Commissioner of Internal Revenue*
  - Potential estate and gift planning opportunities
- Learn how to leverage government backed programs to access capital and extend credit while minimizing risk
