CVI's 9th Annual Update in Nuclear Cardiology

March 21, 2013
Cardiovascular Institute of Philadelphia, Flaster Greenberg PC

Click here for more information or to register for this event.

Flaster Greenberg is a proud sponsor of this event.

For physicians, nuclear technologists, fellows, residents, mid level providers and allied health professionals caring for patients with cardiovascular disease.

Didactic and patient case presentations designed to further the application, management and clinical interpretation skills of healthcare professionals in non-invasive nuclear cardiac imaging. Our 2013 agenda focuses on patient-centered imaging; newer application of radionuclide imaging in heart failure; SPECT QC and its affect on image quality; CABG for ischemic cardiomyopathy: lessons learned from the STICH trial; new technologies, pharmacology, cameras and protocols; radiation reduction; and navigating the road to pre-approval: charting, pre-auths and peer-to-peer.

Keynote Presentations:

E. Gordon DePuey, M.D., Columbia University College of Physicians and Surgeons

Thomas Holly, M.D., Northwestern University, Feinberg School of Medicine

Prem Soman, M.D., University of Pittsburgh Medical Center

Location:

Hyatt Regency Philadelphia at Penn's Landing
201 S. Columbus Blvd., Philadelphia
