Re: The ABA-EPA Law Office Climate Challenge

Dear Mr. Koch:

On behalf of the Section of Environment, Energy, and Resources (SEER) of the American Bar Association (ABA), I want to congratulate Flaster/Greenberg PC for participating in the ABA-EPA Law Office Climate Challenge (Law Office Climate Challenge).

By virtue of your enrollment in the Best Practices for Office Paper Mangement component as a partner for Cherry, Hill, NJ; Philadelphia, PA; and Trenton, NJ; your law firm and its offices has become a Law Office Climate Challenge Partner, and SEER is pleased to recognize you as such and list you on our web-page, <http://www.abanet.org/environ/climatechallenge/partners.shtml>

The environmental sustainability movement is emerging throughout the length and breadth of our nation. The Law Office Climate Challenge gives the legal profession the opportunity to be a leader in this national movement. By setting an example of environmental stewardship through participation in the Law Office Climate Challenge, your firm will inspire more of our colleagues, our clients, and our communities to take important action towards environmental sustainability.

If you have any questions about the program, please direct them to Daniel Eisenberg, ABA SEER Air Quality Committee, DEisenberg@bdlaw.com (202) 789-6046.

Again, congratulations on meeting the challenge.

Very truly yours,

Steven G. McKinney
Section Chair
