As South Jersey and surrounding areas start to open up, employers face challenges, especially regarding employment laws as staff come back to work. To help clear up this confusion, Avrio Solutions invited Phil Kirchner, a business litigation and contract attorney at Flaster Greenberg, who has been studying the myriad of new laws and regulations that have emerged in the wake of the COVID-19 virus, to explain what you need to know.

Phil will discuss issues related to employment laws such as:

- Can I require some of my employees but not all them to come into the office?
- Must I provide PPE for my employees?
- If I have an employee who has been exposed, must I do contact tracing? Require quarantine?
- Do these issues have any impact on my PPP loan?
