Clean Energy: A Roundtable Discussion

New Jersey Law Journal

May 3, 2010

New Jersey lawmakers have been working hard to encourage the switch to clean and renewable sources of energy. The result? The Garden State is among the nation's leaders in this important effort. Our guests each bring years of experience to this growing - and often complicated - field. They are:

- Robert M. Gerard, chief marketing officer at Birdsall Services Group in Sea Girt;
- Hesser G. McBride Jr., a shareholder in Wilentz, Goldman & Spitzer in Woodbridge;
- Franklin J. Riesenburger, a shareholder in Flaster Greenberg in Cherry Hill.

This roundtable was moderated by freelance reporter Anne Dorfman and reported by Robert M. Levine of Rosenberg & Associates, Inc.
