About The Program

- ***As you progress in your career, do you have a solid “end game” or “exit strategy”?***
- ***Are you effectively maximizing current opportunities that will provide you with the best quality of life / enjoyment / happiness when you’re ready to wind down and spend more time focusing on yourself and your family?***

This popular annual program is designed to provide you with the most effective strategies to help you to achieve your goals and live the best quality of life possible – whether you’re planning well in advance of the end of your career or are getting close to moving toward a new chapter in your life. As an attendee, you’ll gain both the tested AND proven strategies that lead to happiness, health, and a more enjoyable final chapter in your career (even if you’re planning on keeping at least a little active).

Join us as we explore the most popular topics you asked for, including the top strategies for preparing financially for retirement, tactics for transitioning out of your practice (as well as potentially sticky situations to avoid), estate planning for attorneys, common insurance needs we’ve all encountered, tax concerns, and effectively protecting yours and your clients’ data (and eliminating your risk) in today’s hyper-technology connected world. We will also share proven ways to emotionally prepare for transitioning out of your career, and the science and practicalities of competency and the aging brain.

This conference is designed so that attorneys of all ages can take advantage of valuable information that you can use as seniors in the legal profession.

FG attorneys will be speaking on the following topics:

Creating a Legacy - Structuring the Retirement Path that Creates a Future for the Practice You Leave Behind
9:50 a.m. - 10:50 a.m.
