Conflicts of Law and Your Insurance Claim: Dont Get Caught Sleeping and Risk Losing Coverage

As the go-to person when an insurance claim arises, you need to be able to spot when more than one states law may apply because finding out too late could lead to a loss of valuable coverage. Explore conflicting outcomes for coverage issues among state courts due to vastly different insurance policy language interpretation. Follow how coverage may suddenly depend not just on the policy language or facts. Be prepared for insurers that race to a specific state courthouse where the law is most likely to support coverage denial. Discuss how to avoid the potentially costly results of the insurer choosing the court before the policyholder.
