
Legal Considerations When Leveraging AI in Business

November 13, 2024

BUSINESS LAW SEMINAR SERIES

Join Flaster Greenberg PC for a monthly Business Law Seminar Series.

The educational sessions will focus on topics that have an impact on most businesses in New Jersey and Pennsylvania, including updates on recent and pending legislative and administrative actions.

Our one-hour programs are geared toward business owners and business executives, and the professionals who advise them: accountants, financial advisors, bankers, and investors. Attendees will also have the opportunity to network with other business owners and professionals, and earn CLEs and CPEs.

SEMINAR DESCRIPTION

As artificial intelligence (AI) continues to revolutionize industries, understanding its legal and operational impacts is essential for businesses to remain competitive. This seminar, led by experienced attorneys, is designed for individuals operating in or advising companies looking to stay ahead of the curve by implementing software solutions that leverage AI. Attendees will explore how AI is transforming business practices, including compliance, data privacy, intellectual property, and risk management. The session will also cover best practices for advising clients on AI adoption, while mitigating potential liabilities and leveraging AI-driven opportunities for growth. Through real-world examples and legal insights, this seminar will equip professionals with the knowledge they need to help businesses navigate the complexities of AI implementation in today's fast-evolving landscape.
