## Concerns That Keep Business Leaders Up at Night

---

May 21, 2025

Burlington County Regional Chamber of Commerce

### **POWERED BY FLASTER GREENBERG**

Kick off BCRCC's new Business & Legal Strategies webinar series during Small Business Month created specifically for business leaders! This interactive discussion will explore common concerns small business owners have and offer practical strategies to help them get addressed.

Have you ever thought:

1. Is my business in compliance with current laws?
2. What should I include in my contracts and agreements?
3. Do we have a proper employee handbook?
4. Are we handling HR and personnel matters appropriately?
5. What happens if I suddenly can't operate my business?
6. What's next for my business when I leave or sell?

You should attend this webinar if you answered yes to any of these questions.

Our dynamic speakers regularly counsel business leaders on these very issues and are ready to share their insights.

### **Panelists:**
