
Payments: Your Rights, Obligations and Remedies

January 13, 2010

Flaster Greenberg and Rue Insurance

You are cordially invited to attend the second in a series of educational seminars designed to help you and your business succeed.

Payments are the lifeblood of the construction industry. Not knowing your payment rights, obligations and remedies can be devastating. This program will focus on multiple emergent payment issues, as they relate to prime contractors, subcontractors, suppliers and owners, including:

- U.S. District Court decision, which held that a "Pay When Paid" clause in New Jersey was valid and precluded a subcontractor's claim against both the contractor and its surety
- New Jersey Prompt Payment Act -- how it is implemented and how it may be impacted by recent court decisions
- Payment Certifications -- what they mean
- Statutory Trust Fund Act -- application, scope, and potential individual liability
- Performance and Payment Bonds
