

Regional Spotlight: Building a Leading Logistics Network

December 13, 2012

Greater Philadelphia Chamber of Commerce

With an extensive transportation network including three Class I freight railroads, major highways, airports and maritime facilities, Greater Philadelphia is an active conduit for domestic and international trade and commerce.

Ongoing designs to expand our region's ports, deepen the Delaware River, and grow our distribution centers are some of the many projects that provide a major competitive advantage to our region.

Join us as a panel of industry experts explore Greater Philadelphia's logistics network and discuss new opportunities for growth in this expanding sector of our economy.
