

Pennsylvania Gaming Congress

April 15-16, 2013

Spectrum Gaming Group, Flaster Greenberg PC

With meteoric growth unseen in the gaming industry, Pennsylvania has become the second highest grossing commercial casino jurisdiction in the US in just six years. As such, it has attracted widespread attention both inside and outside of the gaming industry.

But the Pennsylvania picture is far from complete. A Category 3 casino opens this year, six major applicants are vying to build a major casino complex in Philadelphia, competitors in all surrounding states are trying to recapture revenue lost to the Keystone State, and the Pennsylvania Lottery could be undergoing significant changes.

Amid this growth and change, hundreds of gaming executives, elected officials, regulators, business leaders, attorneys, slot manufacturers, vendors, architects and other gaming related professionals will convene for the 8th Pennsylvania Gaming Congress to discuss the opportunities and challenges ahead. Again taking place at the magnificent Loews Philadelphia Hotel, the Pennsylvania Gaming Congress will provide attendees with insights by those most knowledgeable about this high-growth industry, along with outstanding networking opportunities.

This dynamic conference includes our Top-of-the-City Welcome Cocktail Reception, keynote luncheon, and a full day of intensive panel discussions. Please join us.
