"My business is my retirement."
"You can't beat Uncle Sam."

The Workshop

We never plan to make mistakes. As business owners, we're focused on running our business. Every day brings new challenges, opportunities and decisions. But there are six mistakes that consistently cause businesses to fail. And we need to know what they are and how to avoid them! Learn how to protect yourself and build a firewall around your business and your personal assets.

BusinessKillers is a unique, educational workshop with six video modules dramatizing a critical error in planning and protecting a business and the impact on the owner's personal financial future.

A unique and powerful aspect of the BusinessKillers workshop is the ability for you to evaluate your own risk with a risk barometer booklet designed by industry experts.

With BusinessKillers, you learn from the mistakes of others in a concise, interactive, video format. No slides, charts or graphs.
