
IRS Tax Controversy Matters

April 22, 2017

Gloucester County Legal Education Association

Title: ALL DAY CLE/CPE

Date: Saturday, April 22, 2017

Time: 7:30 a.m. - 5:20 p.m.

Location: Terra Nova Restaurant | 590 Delsea Drive (Route 47) | Sewell, NJ 08080

This all-day program includes a wide array of topics. The day's events will start with a continental breakfast during registration and sign-in.

The opening seminar will discuss various constitutional issues surrounding Gitmo. A memory expert will then present a workshop showing how an improved memory can improve your ability to practice and deal with clients. Medical malpractice will follow; this will cover a broad overview of this specialty area. Next will be a presentation by a Master Certified Coach who will discuss how to improve your client relationships thereby improving your practice.

Lunch will be served. This consists of a full buffet meal including fish, meat and vegetable entrees.

A presentation on a wide variety of IRS tax controversy matters follows lunch. A discussion of legal ethics issues concludes the session.

A cocktail hour with a full open bar and hors d'oeuvres is held at the end of the program.

You can earn most of the year's required CLE credits (including *ethics* credits) by investing one Saturday of your time. There is an informal, open discussion format. Having numerous experts present on widely differing topics ensures a fast-paced program that moves quickly.
