
Legal and Accounting Aspects of the Cannabis Industry

December 12, 2018

Flaster Greenberg PC, HBK CPAs & Consultants

Presented By:

Businesses involved in the Cannabis industry face particular scrutiny in terms of legalities and tax implications. Please join us for an industry update on the following topics:

- The status of cannabis legalization in Pennsylvania and New Jersey
- Employment law considerations
- Real estate and environmental concerns
- Tax complications associated with Section 280E of the Internal Revenue Code
- Audit issues and best practices in Cannabis industry accounting
- Legislative update
- NJ Medical Marijuana update and impact on patients and physicians
