

NJ Law Firm Charges into Electric Car Technology; Partner Plans to Replace His Mercedes with a Tesla

ABA Journal

February 21, 2012

On Monday, February 13th, Flaster Greenberg was featured in the *ABA Journal* for providing two electric car charging stations as a courtesy for employees and clients in the firm's Cherry Hill office parking lot.

Peter Spirgel, Managing Shareholder and Chief Operating Office at Flaster Greenberg, was quoted in the article. "You can't have electric vehicles without visible places to charge them," said Spirgel. "Gas engines wouldn't be viable if we didn't have gas stations."

Flaster Greenberg is the first professional corporation in Cherry Hill, New Jersey to offer an electric vehicle curb-side charging station free to both its employees and clients. The station is self-serve and has the capability to "top off" or fully charge an electric vehicle while the firm's employees are at work or its clients are attending a meeting at the firm.
