
Flaster Greenberg Formalizes Pharmaceutical Industry Group

Press Release

June 6, 2018

Cherry Hill, NJ

Flaster Greenberg PC, a full-service commercial law firm with seven office locations across NJ, PA, DE and NY, announced the formalization of its Pharmaceutical Industry Group. Building on the firm's already deep experience representing clients in the pharma and biotech space, the multidisciplinary group is comprised of attorneys from a variety of practice areas – attorneys who for years have built a client base in the industry, both regionally and nationally.

Specifically, attorneys in the group have extensive experience representing and counseling pharmaceutical, biotechnology and life sciences companies, medical device companies, medical supply companies, and other medical industry clients in a wide variety of legal disciplines.

“Our attorneys have been working with an array of clients in the pharmaceutical industry with a collective experience of over 40 years,” said Jeffrey A. Cohen, chair of the firm's Pharmaceutical Industry Group. “This booming yet constantly evolving industry has a broad range of legal obstacles to navigate, and our team has been at the forefront of providing counsel to support our clients' business objectives.”

The group is made up of members from our Intellectual Property, Litigation, Corporate, Bankruptcy, Tax, Labor, Employment, Real Estate, and Environmental practices. Each have particular experience in representing clients in the pharmaceutical, medical and personal care landscapes, which have each faced many challenges and changes over the last several years. They are acutely aware of policy and regulatory changes across the globe, shifts in requirements, international law, and changes in venture capital flow, and have helped clients evaluate the best plan of action to navigate the complexities of these highly regulated industries. Group members have extensive industry experience in ANDA patent litigation, bankruptcy and buying distressed assets, contract negotiations and litigation, copyright and trademark registration and litigation, FDA counseling, international tax issues, label reviews, licensing, and patent portfolio strategy and litigation, among numerous other areas, which served as the catalyst for the formation of the firm's industry group. Individually and collectively, Flaster Greenberg attorneys have been recognized for excellence by clients, peers in the legal community, business and industry groups and by numerous civic, cultural and nonprofit organizations. The firm was recently voted one of the “Best Places to Work” in New Jersey by *NJBiz* magazine and has been selected by *The National Law Journal* as one of the 20 law firms named to its ‘Midsize Hot List’ that recognizes 20 stand-out law firms in the 50 to 150 lawyer range from across the country “that in no way are stuck in the shadows cast by giant competitors” and that have demonstrated creative, innovative strategies to stay competitive.
